

# at the shoot

It isn't every star who's comfortable enough in her own style that she's totally open to trying on just about every piece our team throws her way—especially when all of said items ring in at under \$100. But Milla Jovovich is one of those innately chic people who find inspiration everywhere, bargains absolutely included, which is one of the reasons we're thrilled to have her on our cover (this marks her fourth appearance). Even after pulling an all-nighter to learn lines for a last-minute movie audition—which was followed by a delayed arrival to our set, thanks to horrendous L.A. traffic—she managed to show up calm, happy, and ready to go, which is pretty much how she approaches everything: "The fun factor is super-important," explained the actress, who has two movies coming out this fall: *Resident Evil: Afterlife* and the Robert DeNiro thriller *Stone*. "And in my work I have a lot of fun!"
