

THE GEORGIA PEACH, IN THE BIG APPLE!

## HOT SHOT! Alex McCord Is Pretty In Pink!

May 26, 2010

*Real Housewives of NYC* star **Alex McCord** was pretty in pink when she stopped by Think PR's Upfronts gifting suite last week.

**MJ** is really loving that pink on her! Nothing screams "Summer!" like hot pink!

McCord browsed through the clothes looking for something to wear to the reunion filming for the show.

She was also overheard chatted about visiting RHONYC co-star **Bethenny Frankel**, saying that both the baby and Bethenny are "doing great" and that the baby is too cute (and had a *full head of hair!* Awww!). She said that she is going to visit her again this week.

Before leaving, she picked up a pink Moods of Norway blazer and matching shorts, maxi dresses from Prairie and Soul Revival, sleepwear from PJ Salvage, a Kipling clutch and jewelry from ShopTheLook.net.
